

A fax bulletin from Molina Healthcare of Michigan (MHM) January 28, 2021

*****NOTICE*****

Molina has been notified by MDHHS of claims that have rejected for “Provider Type Not Allowed for Referring/Ordering/Attending NPI”. Claims related to the rejections received by the health plan will be recovered and corrected claims will need to be submitted. Please review claims billing guidelines to ensure your claims are billed properly. Below are some guidelines from the MDHHS Provider Manual.

Ordering, Referring, and Attending Providers Requirements

Below are the requirements for ordering, referring and attending providers when submitting claims.

- The name and NPI of the ordering/referring or attending provider must be reported on all claims for services rendered as a result of an order/referral. Refer to the Michigan Medicaid Provider Manual for order/referral requirements for specific services.
- Ordering/referring and attending providers must be enrolled and active in CHAMPS on the date of service on the claim.
- Ordering/referring providers must be one of the following practitioner types, acting within their scope of practice under State law and MDHHS Medicaid policy requirements: Physician, Physician Assistant, Nurse Practitioner, Certified Nurse Midwife, Dentist, Podiatrist, Optometrist, or Chiropractor (limited to spinal x-rays only).
- In addition to following Medicaid billing requirements, providers participating in a managed care network must adhere to the managed care entity’s contractual obligations and policies and procedures regarding claim reimbursement.

You can find ordering and referral requirements for specific services in the Michigan Medicaid Provider Manual.

Thank you for serving Molina members
