A fax bulletin for the Molina Healthcare of Washington Provider Network

Molina Expands Pharmacy Benefit Coverage for Continuous Glucose Monitors and Supplies (Medicaid and Marketplace)

Dear DME Partner,

As part of our commitment to ensure members have easy access to quality, cost-effective options to help manage their diabetes, beginning **March 1, 2020**, Molina Healthcare transitioned coverage of therapeutic continuous glucose monitoring (CGM) systems (DexCom G5®, Dexcom G6® and Freestyle Libre) under the pharmacy benefits for eligible members.

After **April 1, 2020** providers will no longer be able to submit claims for CGM products as a medical benefit. This would be applicable to CGM Sensor (A9276), CGM Transmitter (A9277) and CGM Receiver/ Reader (A9278).

If you are within the CVS Network, after the effective date please submit claims for all preferred CGM products and supplies by NCPDP claim to the members pharmacy benefit.

If you are not currently within the CVS Network below are the steps in order to begin that process.

To enroll with CVS

- The first step is to complete Caremark's pre-enrollment questionnaire, which can be found on Caremark.com at link is below.
- Afterwards, their network team will be in contact.
- Reviews typically take 10-12 weeks and CVS will be in touch with you as soon as they have completed.
